Thank you Nancy. We heard from one of the regional staff members that some agenda items would be useful so they can be sure the Administrator is fully prepped for the meeting. With that in mind we put a few specific things down. We realize its a long list, don't expect to go in depth on anything in particular, perhaps flag for future conversations, but thought this might help.

- Thank yous (you have done some great things lately!)
- EPA priorities – what are you focused on, how can we help?
- Merrimack, Schiller, and Bridgeport NPDES permits
- City of Eliot Section 126 Petition
- Title V Permit for Schiller
- SO2 NAAQS SIP processes
- Carbon Rule – are you holding EPA regional stakeholder meetings, hearing any particular concerns from states?
- Ozone NAAQS and SIP processes – thoughts about using efficiency and renewable energy as a compliance mechanism?

Ms. Grantham,

Thank you very much for the quick response. We are very flexible depending on what dates and times work for you all, but is there any chance that the Administrator would be available on Tuesday, April 15th before 12 PM or after 2:30 PM? Josh Stebbins and some of our other staff will be in Boston that day already. I realize that may be a quick turnaround, so if we need to look later I can send some dates/times for May as well.

Thank you,

Mark

Hi Mark and Isabelle,

I am contacting you in response to your March 24th letter to EPA Region 1 Administrator Curt Spalding.

We would be happy to set up a time for a discussion with the Sierra Club. If you could let us know what dates might work for you, we will make arrangements for the meeting here in Boston.

Thanks
